— Mrs. Robert Keniston, Corres. — Peter Davis and his co-pilot, Tom Leavitt of St. Louis, spent several days last week with Mr. and Mrs. Richard Davis.

Mrs. Bertha Thurston returned home Saturday after spending several weeks with relatives in Prince Edward Island.

Mr. and Mrs. Elwyn Dickey and family have moved to the former Ames house on Main Street, which they recently purchased.

Mr. and Mrs. James Davis and Michael were recent guests of his parents, Mr. and Mrs. Richard Davis, prior to his leaving for a two-year tour of duty in Spain.

Mr. and Mrs. Dennis Jackson left Fairbanks, Alaska, April 18 and since that time have been touring the United States on a motorcycle. They arrived home May 24 after traveling 5500 miles. Dennis, the son of Mr. and Mrs. Dana Jackson, has recently been discharged from the Army. He and his wife, the former Pat Dunham, will make their home in Locke Mills.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The people who are hired to do the assessing were in town Saturday. They completed the work required of them. Now the local assessors can finish their work which will be done as quickly as they have the time to devote to the project.

Tentative plans call for the Town Office to take over the administration of the Donated Commodities Program for the June distribution. We are in the process of filing the necessary papers with the Dept. of Health and Welfare. An attempt will be made to use the back room in the Town Office. If we find that is not adequate we will have to find space elsewhere.

Unless we can find means of reducing the cost of the program it will have to be stopped prior to Jan. 1. We feel there is a need for the assistance this program provides but we must maintain it at a reasonable cost. At the present it requires in excess of \$100 per month. We feel one-half that amount should provide for the people who have a real need for the food.

CHILDREN'S DANCE THEATRE TO PRESENT "ALICE IN WONDERLAND"

The Children's Dance Theatre of Bethel, through dance and pantomime, will attempt to tell Lewis Carroll's enchanting story, "Alice in Wonderland" in their recital to take place in a matinee, Friday, June 4, at 4 p. m., and evening performance, Saturday, June 5, at 7:30 p. m. The quaint events and nonsense with a peculiar sort of reason behind it has become more than just a story for children.

Nonsense is the keynote and the children let their imaginations run wild making this a delightful show to be in, and hopefully, to watch.

TWILIGHT GOLF LEAGUE TO START JUNE 3

The Bethel Twilight League will have its first night of play on Thursday, June 3, at 5:00 p. m. All golfers interested in playing in the league are asked to report that night at the Bethel Inn golf course for organizational purposes and nine holes of golf. All children are welcome to march in the parade, and will be given small American flags. Volunteers are needed to organize and help with the children.

230 BOYS AT CAMPOREE DESPITE RAINY WEATHER

Eleven boys from Bethel Troop 565 took part in the Rangely District Spring Camporee in the Chapman Brook area. About 19 of the District Troops were represented. Troop 565 received three award ribbons: (1) First place tie in Compass Orientation competition (2) Second place in Stretcher Relay, and (3) Fourth place for Participation in Overall Camporee Activities. Incidentally the boys had plenty of practice in the use of wet wood in campfire cooking.

Looking forward to summer camp at Camp Bonazee in the Belgrade Lakes Region, nine boys are planning to go for the week of July 11 to 18. At Bonazee they will find the daily swimming opportunities to be among the best, both for learning how to swim and for passing swimming and life saving merit badges. Scoutmaster Romeo Baker will be the leader.

Mr. and Mrs. Ted Davis are the parents of a daughter, born May 23 at the Rumford Community Hospital. Mr. Davis is a member of the faculty at Telstar Regional High School.

GREENWOOD CITY

— Mrs. Colista Morgan, Corres. —

This morning as I write the mist is rising and like pins in a cushion the pines one after another appear on the slopes silhouetted against the sun rise.

The thrushes outwelling of song is giving joy and vitality to the country side that has slumbered so long under winter's covering. They possess all the liquid notes of the finest streams, delicate trills of softness and richness so hard to describe but so wonderful to hear.

I took an unusually early trip up the Sanborn River this spring. There was one sadness. "Boat" could not go. She has been replaced by "Sea Nymph". As I left her tied at her usual tree she was filled with "leaves" almost to the brim. I too, felt a twinge of regret for we have had many good times together. But "Nymph" performed well and we had a lovely trip.

There was a breeze as I headed down pond to enter the Sanborn. A few clouds were scudding and the sun just peering, not blistering as in July.

As always the fled Wings were there hovering above two new nests proud that they had a secret. They flitted and talked among the soft greens in their enchanted world of loveliness.

Moving on, the various birds were my constant companion while my ears made a steady rhythm through shadows weaving across the river.

Along the shore, sweet white violets lifted their heads, joined by the blue or "within the woods whose young and half transparent leaves scarce cast a shade, gay circles of anemones danced on their stalks". Whittier, too, tells how these "wind flowers sway against the thrilling heart of May."

Ferns everywhere were uncurling in the spring's dampness.

All along the way the fragrance lingered.

The quiet surface was alive with whirling beetles, jolly little fellows, dancing over the water.

In a small cove I just sat to look and listen. On one side was most worthy of the closest attention, on another a vine that carried allurement in every tendril. In the background was a foam flower that was like a story for interest, and a button bush which bore a secret worth telling. Pines in the distance seemed to hold up the sky. It was enough just to sit, and "feast".

Ducks flew up as I rounded a bend and a turtle slipped into the water. Against the somber forest came the piping calls and songs swelling into a chorus wild and urgent; the rhythmic music of spring and a foretaste of summer.

Four things I missed on my trip: the dragon fly, the king bird, the water lilies, and the muskrat. But I did see a water snake hurrying along here in the pond.

As I neared home, the swallows, delicately formed and gracefully beautiful swooped above me.

I roamed in by "Boat" who proudly tossed on the waves refusing to yield her place to "Nymph" and I pulled ashore beyond and I started up to the house which stands where its windows look across to the rolling hills.

Mrs. Edna Morris was hostess to a "Decline Style" party at her home on Friday morning. Stylized was Maylene Hutton of Saco.

Miss Ann Holt accompanied her Special Education class to Portland Friday and Saturday where they took part in the Special Olympics.

Mrs. Doris Hayes was given a retirement party at Dean's restaurant, South Paris, Thursday evening.

SUNDAY RIVER

— Mrs. R. M. Fleet, Corres. —

Loy Harrell had a lucky strike and landed a 14 inch trout that weighed one pound, in a local brook.

While David Fleet and son, Jeffrey went fishing, David hooked a seventeen inch lake salmon which took him 30 years to find and Jeffrey got a good sized trout.

Bryce Yates and family joined the Yates at a get-together at Newry Grange Hall Sunday.

Romeo Baker and three of his boy scouts, Dora Merrill, Jeffrey Fleet and Eldest Yates, were at the week end camp out.

Sharon Daye, Tammy Fleet, Penny Fleet, Alex Fleet had a picnic lunch with little Loy Harrell and helped drop seed corn.

At Mr. and Mrs. Estes Yates reunion there were fifty-three present to enjoy the eats and stories.

Mrs. Phyllis Williamson and sister, Miss Ruth Crosby returned to her home Thursday from the winter in Orono.

There was a meet your neighbor outing at the Sunday River Inn by its new owners, Mr. and Mrs. Steve and Peggy Wight and sons Keith and Eric. There surely are a lot of new names and faces. There were between 55 and 60 that enjoyed the eats and there was some left over so that those that did not come could have been well fed.

We had four new young folks at Sunday school and two are the same age. Loy Harrell Jr. and Eric Wight. We hope both become famous.

Others attending from here were her husband, Roland Hayes and Mrs. Clyde Morgan.

On Friday evening Doris Hayes and Colista Morgan attended the supper and party honoring Dorothy Ross at the Congregational Church, Norway.

Mr. and Mrs. Milton Inman and boys were at their camp one evening this week.

Mrs. Ruth Hastings was a caller at Colista Morgan's one afternoon this week and they called on Doris Hayes.

Miss Sherry Millett celebrated her birthday on Tuesday and is now "celebrating" the mumps.

Mr. and Mrs. B. W. Homan, Ipswich, Mass., are at their cottage here for a few days.

Miss Ann Holt visited Vicki Weymouth in Bridgton on Sunday.

Mr. and Mrs. Roland Hayes attended the Hammond Organ Society concert in Portland on Saturday evening.

Visitors at Jean Millett's this week were: Barbara Immonen, Mary Emery, Elaine Emery, Avis Hayes, Roberta Ross, Carol Penley, Mary Stuart Hadley, Mr. and Mrs. Dale Coffin and son, Mr. and Mrs. Ellsworth Laurence, all of West Paris; Mr. and Mrs. Dwight Oldham, Peru.

ARE YOU EVADING BETTER HEALTH

Sometimes, because of fear a person will not correctly answer the questions asked by their doctor. They want to be assured that they are free of disease and will falsely give "answers" that can get them good grade on their health exam. It is even possible that this fear can actually suppress symptoms.

With your full cooperation a physician can usually make an accurate analysis of your health. If there is something wrong he can often find it at the first symptoms and correct it quickly. New prescription medicines and medical techniques offer better health than ever before. But your doctor may not be able to help if you do not level with him.

Due to the increased number of prescriptions and in order to keep up good service, it would be to our mutual advantage, if you would please phone in re-fill prescriptions. — Thank you.

THE KEY TO A GOOD LAWN IS PROPER FERTILIZING

That's why TURF BUILDER is America's favorite lawn fertilizer. Turf Builder is made by Scott's exclusive Trilonized process which enables it to release its nutrients only as the grass needs them. There's no surge growth to cause extra mowing, and there's no wasteful over-feeding or nutrient loss from leaching. Just a thicker, greener, sturdier lawn. Spread Turf Builder on your lawn this weekend, and see for yourself.
